

## 2007 Prayer Chain Report

The Prayer Chain offers intercessory prayers of thanksgiving and supplication on behalf of those who request them to do so.

The hope is that this will provide opportunity for all touched by this service to grow in understanding and the application of Biblical teachings to their daily lives. The goal is to provide a variety of opportunities for people to mature in Christian faith and life by participating.

Key issues in this endeavour are maintaining confidentiality and the ability to be flexible in providing this service.

During 2007 the Prayer Chain increased from 5 to 15 members. Thirty-four prayer requests were acted upon. To God be the glory and praise!

In His Service,

Peggy Varga  
P.C. Co-ordinator
