

Youth Report

Looking back to 2007 with our youth group doesn't seem possible that the year has gone by us so fast. We have had a year filled with fun, fellowship and of course our Sunday morning teachings. The book that we used in 07 and continue to use in 08 is titled "Bible Impact". This is a very educational book in the sense that it not only gives us scripture readings to study, but it allows us as a group to discuss what we have learned from these passages. Rick and I have used various versions of the "Bible Impact" series of books and find them to be very successful in our Sunday morning teachings. Some of the topics in these books really get the youth thinking about their faith in the Lord and how we can apply our faith in our every day lives.

When the fall of 07 arrived the youth started off the season with a get together with Pastor John, which was held at the Rinas' house. We had lunch and then got right down to a good old game of Yahtzee!!! There of course was loads of fun and laughter. We have various events planned for the new year, one of which is tile painting. The youth get the opportunity to paint a ceiling tile and upon being finished will be put back up in the ceiling of the youth room. Stop by some time to the youth room and look up – you'll be amazed with what you see!
